*'Let's continue to do good in the world and
and let's talk about it'*

Our new Chairman Herbert Ederer

Dear friends

I thank you for the trust placed in me, hopefully I'm able to fulfil your expectations.

I promise you that I will do my best of my knowledge and belief for the fellowship.

First and foremost, I would like to continue the successful work of my predecessor, Dr. John Philip, for whom I would like to express my heartfelt thanks for all what he has done for our fellowship in the past.

He has transformed this fellowship to an active group working like an action group especially since the outbreak of the war in Ukraine.

A special concern of mine is the strengthening of the fellowship in all continents of the world.

I'm grateful for the work started in Ukraine and in Egypt and will continued now in Uganda.

Thank you Amal, Olha and Richard for accepting a board position and supporting this topic.

Having national chapters helps us to have a network of health care professionals all over the world.

One important tool to reach this goal is our improved presence on different social media platforms. Let's continue to do good in the world and let's talk about it.

Please use the logo of our fellowship and of course the Rotary logo.

Everyone is invited to share his work and projects in our channels. Our richness is our diversity within our worldwide network.

I want to invite each member to reach out to bring a new member for our fellowship. PRIP Shekhar Mehta quoted: Each one bring one!

If we can realize that we can extend our reach, with our activities we will increase our impact and with our communication we will strengthen our public image.

Dear friends I invite you to go and work together. Leading the fellowship can't be a "single man show". To be successful, we need the cooperation of many heads and hands. Let's do it together.

Dr. med. Herbert Ederer
